JOB SUMMARY:
The Water Utility Technician is responsible for performing a variety of manual and semi-skilled labor duties for the repair, construction and maintenance of the water distribution, installs, resets, removes, and tests water meters; responds to and diagnoses customer calls for leaks or no water on a daily basis; and maintains the water distribution infrastructure within and including the meter box while promoting and practicing a safe working environment.

GENERAL RESPONSIBILITIES:
- Performs manual labor work, including the installation of pipes and fittings, for the repair, construction, and maintenance of water systems.
- Establishes and maintains effective working relationships and public relations.
- Always adhere to Springs Hill safety guidelines and practices in all situations.
- Observes and promotes all established safety procedures.
- Maintain regular attendance; leave schedule should be managed so as not to interfere with the ability to accomplish assigned tasks.
- Performs other duties as assigned.

PHYSICAL DEMANDS AND WORKING CONDITIONS
- General physical requirements include lifting to 40 pounds frequently and up to 105 pounds occasionally. Pushing a maximum force of 100 pounds.
- Pulling a maximum force of 150 pounds. Subject to standing, sitting, walking, climbing, bending, crawling, squatting, kneeling, and working in cramped and strained positions for long periods of time to perform the job scope.
- Working conditions are primarily outside with frequent exposure to inclement weather; mechanical, electrical, chemical, and confined space hazards; offensive fumes; excessive noise; heavy traffic; deep excavations; and animals, snakes, and poisonous insects.
- Operates a company vehicle daily.
- Ability to work hours other than the regular daytime schedule.

CERTIFICATION REQUIREMENTS:

- Ability to obtain a Class “D” Texas Water License within 12 months of employment

MINIMUM QUALIFICATIONS:

- High School Diploma or GED
- Valid driver's license required. Driving record will be periodically reviewed as a condition of employment.
- Must have the ability or be able to learn to operate heavy equipment.
- Flexibility in work schedule, including holidays, weekends, and after hours, is required.
- On-call duty (24 hours per day, 7 days per week, for one week) will be required on a periodic basis.
- Background check, driving record review, and drug screening are required prior to receiving a job offer
- Must reside within a 45-minute response time of the Springs Hill Center as measured by an internet mapping tool.
- Perform all physical requirements of the job.
- SHSUD is an Equal Opportunity Employer.
