Contractors Metered Water

The district has adopted a category for high-volume water use during the construction of buildings or roadways. The water will be metered through a fire hydrant or existing pipeline. The contractor is responsible for all water recorded on the meter. It is read monthly and billed monthly. The fees and rates are as follows:

Deposit for temporary meter	\$3,000.00
Service availability charge	\$750.00 -0- water
\$8.00 per 1,000 gallons
